

## Approved Apprenticeship Programs Sponsors and Committees

# ATTENTION

The following list contains all current Board of Barbering and Cosmetology (Board) approved apprenticeship program sponsors. To start the process of becoming an apprentice, contact a program sponsor from this list that provides training in your area. When choosing a program sponsor, please consider the following:

- **Approval**

The Board has approved the program sponsors on this list to teach the apprenticeship training course. Program sponsors are not schools. The training hours you receive from the apprenticeship program cannot be transferred to a school and school hours cannot be transferred to the apprenticeship program.

- **Investigate the program sponsor before enrolling.**

Prior to enrolling, talk to current apprentices of the program. Ask if you can take a tour of the facilities where the 39-hour pre-apprentice training and/or related supplemental instruction (RSI) hours will be taught and possibly sit in on a class.

- **Check reviews on the internet.**

Do your homework before investing in your education. Check reviews on Yelp, Google and if possible, ask previous apprentices about their experience with the program sponsor. You are the consumer and should feel confident about investing in your education as an apprentice.

- **Cost and tuition**

Don't be afraid to ask questions about your tuition, fees and refund policies. Ask for receipts and copies of the agreement you sign when joining an apprenticeship program. You may also want to ask about kits, textbooks, tools and what you are responsible for purchasing, or is it included in your tuition.

Apprentice applicants are required by law to take a 39-hour Pre-apprentice Training course that goes over basic sanitation and disinfection methods before a sponsor can submit paperwork for you to receive an apprentice license. Unless the program sponsor has applied for and received an exemption from The Bureau of Private Post-Secondary Education (Bureau), this training **CANNOT** exceed \$2500.00. If you feel your program sponsor is charging more for this training, without this exemption, please contact the Bureau with your concerns <https://www.bppe.ca.gov/>.

- **What is important to you?**

Make a list of what is important to you. Experienced instructors, reference materials and workshops? Curriculum, additional training and preparation for the exam? Pass/fail rates, etc. Ask them how long it takes to process your paperwork and how long it will take to respond to your questions about your apprenticeship and/or issues.

- **Locations**

Every program sponsor on this list has the location listed in **red** where they can teach their curriculum. Program sponsors may have an agreement with a salon/barber shop in your area to provide their curriculum. If the apprenticeship program you are considering is not on this list, please contact their office and ask what program sponsor they are associated with. It is important that you know the name of your program sponsor.

The apprenticeship program was created to help you learn the skills of a barber, cosmetologist or electrologist while earning at least minimum wage. If you feel your program sponsor is not helping you achieve this goal, you can file a complaint with the Board by using our online complaint form located [here](#) and with the Department of Industrial Relations, the Division of Apprenticeship Standards located [here](#).
